

Research Your Vietnam Vacation Now!

Project Title	Research Your Vietnam Vacation Now!
Project Summary	Research and create a travel brochure for our US Embassy community who want to explore the northern region of Vietnam.
Country	United States
Agency	Department of State
DoS Office	N/A
Post	HANOI
Section	CLO
Number of Interns	1

Project Description

Tasks to include:

- Research and create a travel brochure for our US Embassy community who want to explore the northern region of Vietnam.
- Information can be found on Google and by reviewing Trip Advisor comments.
- The brochure should provide a variety of locations and activities that are in the Northern region of Vietnam.
- This project is important because Hanoi is considered a “hardship” post due to chaotic traffic, lack of green space, noise pollution and poor air quality. Offering weekend getaways helps to keep morale high within the Embassy community (Officers, spouses and children). The CLO promotes getting out of the city to experience green space and fresh air. Thanks for taking on this meaningful project! We can discuss details and expectations before you get started.
